

To whom it may concern,

I have known Kelly Ugenti since 2011, when she was hired as my art & production assistant in the Marketing Department of Sam Ash Music Corporation.

Her responsibilities included working on building pages for our 164-page retail catalog which required great attention to detail along with speed and accuracy. This was often a high-pressure time-sensitive project and Kelly always handled the challenges well. She was indispensable in helping us to meet our deadlines and was always a pleasure to work with. I have found her to be a conscientious, responsible and trustworthy individual.

I am pleased to offer my highest recommendation as to Kelly's character and capability as an employee.

Please feel free to contact me with any questions.

All the best,

Joan Addabbo-Valerio
